1	There were many varied instances where the officiating at this event was not what was to be expected. There were issues around processes, decision making, health and safety and equality in disqualifications.	4/11/2016 9:20 AM
2	They kept standing in front of the finish line/flags. Made it difficult to pick our finish gates particularly in the choppy conditions.	4/11/2016 9:15 AM
3	A very smoothly run event, I was extremely impressed.	4/11/2016 9:09 AM

1	At one point a team of ours was disqualified from an event and nobody from our club was told. When I queried this it required me to push for information and the chief judge to step in to the conversation. 1	The decision was essentially made by the Team Managers at the event as the event crew wished to hold the first heat and see what happens. 1	Everything was good except for the above. Wrong team goven the gold medal at prize giving (although it was sorted out after event in a timely manner). The officials had a habit of talking to each other during the races and would and up blocking out view of the finish gates. And a little more time before prize giving would be good.	4/11/2016 9:23 AM
