Hi Folks,

This years Canterbury Junior Championships will be the lead up event towards the Southern Region Championships . It will see the best U14 athletes from around the city battling it out for overall club supremacy!

To assist in the delivery of the event, senior athletes and lifeguards that have come up through the junior ranks will be on the beach marshalling/starting/officiating. It is awesome that the team will be taking the time to make this event the best it can be!

Please take the time to read through this Team Managers circular to assist you with your team's preparations.

Cheers,

Scotty

Competition Vests

SLSNZ the wearing of yellow high Vis competition vests is compulsory for the Canterbury Junior Championships for all water based races.

Event Assistance

As with all junior surf events, we will require assistance from all clubs attending the event. Without the assistance of clubs and some of our senior athletes these events would be impossible to run. Please forward me the contact details of anyone that is keen to help.

Points

Points will be allocated to first, second and third place for all individual and team events. Points will be added up to go towards the Canterbury Top Junior Club trophy.

Individual Points: 1st = 3 points 2nd = 2 points 3rd = 1 point.
Teams Points: 1st = 5 points 2nd = 3 points 3rd = 1 point.

Please note that in the event that only 1 athlete/team enters a race, that race will not be run. If 2 or more athletes/teams are entered the event will run. Points will be awarded to all place getters, regardless of the number of teams in the race. If individuals or teams scratch on the day and only 1 individual or team is on the line it will be at the arena referees discretion whether they must race with a different age group/gender or not at all – in this instance, points shall still be awarded to that team/individual in their own grade.

Event Equipment:

All clubs are required to supply their own competition equipment which must comply with the SLSNZ equipment specifications as specified in the SLSNZ Equipment Specifications Manual.
