Site Plan

The draft site plan can be found in **Appendix Two** of this entry circular. Please note that the site plan is subject to change due to a dependence upon the number of entries and surf/weather conditions.

Event Photography

By entering this event Athletes and Team Management agree to SLSNZ using images and video taken during the competition for media and marketing purposes. Athletes and Team Management also agree by entering into this event that SLSNZ or second party contractors are allowed to fly drones above Competitors and Team Management throughout the event.

Event Safety

Competition Safety Plan:

The Competition Safety Plan will be made available through the website [here](#) prior to the event commencing. The document is also available for viewing in the Event Management Area during the event. The missing person at sea reflex tasking can be found in **Appendix One** of this entry circular.

Competition Safety Vests:

The wearing of high visibility vests will be mandatory at this event. Supplying safety vests is a club responsibility and must be in line with the SLSNZ guidelines for safety vests. This information can be found [here](#).

Parent, Guardian, Coach, Team Manager and Club Obligations:

It is the responsibility of clubs, through their coaches and manager, to ensure that each individual competitor is competent to **safely** compete in the conditions that prevail on any given day.

It is therefore the clubs responsibility to ensure that competitors who are not yet competent to compete in the prevailing conditions are withdrawn from an event rather than expose them to unnecessary risk or potential harm by encouraging or coercing competitors to compete, particularly against their will. Please refer to statement (e) of the **Agreement to be bound by the Manual** section of the **Surf Sports Competition Manual**. The Manual can be found [here](#).

It is the expectation of the organisers that all clubs will only permit competent competitors to compete in an event.

Dune and Environment Protection

As per all our events dune and environment protection is the responsibility of everyone and as Surf Life Saving members please make sure you look after our beaches and sand dunes. If you see anyone walking through the dunes or placing equipment in areas they shouldn't be please advise them to remove it or inform event management. Please make sure all rubbish is placed in the bins supplied or taken with you.

Communications

Event Management utilise a variety of tools to keep you updated with the latest event information and news. Until entries close the latest information will be found on the event page of the SLSNZ website [here](#). After the close of entries all information will be sent directly to team managers via email and E txt.

2. The continuous sounding of air horns & whistles, and waving of flags to competitors, until all competitors are out the water.
3. With the assistance of supporters immediately clear competitor's equipment from the beach within the affected arena/s then keep supporters and all competitors, who are **not** part of the competitor search party (CSP), out of the affected arena/s.
4. Arena Referees (AR) with assistance of officials and team managers/coaches, assemble the designated CSP into orderly lines, with fins & goggles/masks, ensuring each are "buddied up," and with lifeguard (LG) support, (preferably 1X10). LGs must have fins and a tube.
5. Arena Referees (AR) to 'standby' on their allocated radio channels for instructions from the Event Safety Officer (ESO) who will confirm the location and timing for the deployment of the CSPs.
6. When requested, deploy the CSP to sea, then observe and monitor progress of the CSP and their safety. AR to provide feedback to ESO only where necessary and only as radio traffic permits. AR should continue to 'standby' their radios for further information and instructions.
7. Officials may be called upon by the ESO to call for volunteers, (qualified LGs, whom are competent swimmers, and whom have fins, goggles/mask, and preferably a wetsuit vest) from supporters, who are able and willing to take part in the search upon completion of a suitable briefing, to form supporters search parties (SSP). Officials may only deploy SSP after cleared to do so by the ESO or their delegate, and only when the ESO or their delegate is satisfied that the SSP have been adequately briefed of their roles, safety procedures, and the potential hazards and risks.

Missing Person at Sea - Managers/Coaches Reflex Tasks

The continuous sounding of air horns & whistles, and waving of flags to competitors, **confirms** that a **competitor is missing at sea**

TEAM MANAGERS/COACHES' response and responsibilities.

1. Team managers to check that their competitors are all accounted for.
2. Assign only competent lifeguards (LG) to the competitor search party (CSP) with fins and goggles/masks, and direct them to their Coach or Arena Referees (AR) in the affected arena/s.
3. Coaches to report immediately to the AR in their assigned arena and organise their CSP in line/s, ensuring that they are 'paired up' while awaiting instructions from the AR.
4. CSP should be sorted into lines with the most capable athletes closest to the water and least capable furthest from to the water. Coaches to remind CSP that when in the water, searchers will take turns at diving under water to search, while their buddy makes sure they are safe and that their buddy returns to the surface.
5. Coaches/Team managers must know the number and names of their CSP prior to entering the water and ensure that they are all accounted for prior to leaving the water and or search party.
6. Team Managers/Coaches and the CSP must follow the instructions of the AR and officials at all times to ensure that the search is implemented in a coordinated manner. If competitors do not feel confident or capable of implementing a search they must withdraw from the CSP, ensuring that they notify their buddy and coach/team manager before leaving the water and or CSP.

Missing Person at Sea - [Supporters Reflex Tasks](#)

The continuous sounding of air horns & whistles, and waving of flags to competitors, **confirms** that a **competitor is missing at sea**.

SUPPORTERS' response and responsibilities.

1. Immediately leave the beach area closest to the water, taking all equipment that you can, to provide clear open access to the water arena by officials and search parties.
2. Only re-enter the arena area, if required, to continue to remove craft and equipment from the arena.
3. Then please remain outside the arena and the designated search zone until instructed or permitted to do so by officials or an announcement by the event management group over the public address system.
4. If you are a qualified and refreshed lifeguard, a competent swimmer, and have fins and goggles/mask with you, and preferably a wetsuit vest, you may wish to consider making yourself available, to join a support search party. If you meet all these requirements, please report to an official in the affected arena/s with the equipment detailed above, and follow their instructions as directed.

Missing Person at Sea - [IRB Reflex Tasks](#)

Upon hearing rescue, rescue, rescue or the continuous sounding of air horns & whistles, and waving of flags to competitors, **confirms** that a **competitor is missing at sea**.

IRB CREWS' response and responsibilities.

1. **One crew** to immediately return to shore and pick up the LKP (pink) buoy and place this at the **Last Known Position** of the missing person.
 2. Once the LKP is in the correct position, the crew person must enter the water with life jacket, at the LKP, and allow themselves to drift in the direction of the prevailing current, while maintaining their distance from the shoreline.
1. **All other Crews** - Immediately remove all competitors from all arenas, regardless of the race completion.
 2. Position the IRBs on the ocean side of the break zone and LKP and stand by on your assigned radio channel for further instructions.
 3. Monitor progress of the competitor search party in the water, and provide immediate assistance if required.
 4. If the missing person is found, immediately return to the designated position on shore. The Tower.
