**Subject:** Junior Surf Advisory Group Expressions of Interest

---

In 2015 SLSNZ completed an extensive review of our Junior Surf Manual to support the membership in delivering a Junior Surf Programme that introduced young people into Surf Lifesaving. We implemented this by introducing engaging activities, encouraging active participation, leading to the acquisition of personal, lifesaving and competition skills, in a safe aquatic environment.

As part of the 2020 Junior Surf Programme Review we are looking to strengthen the focus on the future of our junior member's journey. Surf Lifesaving New Zealand is calling for expressions of interest to members who want to contribute to the review of our Junior Surf Programme.

### Who are we looking for?

- We are looking for 6 to 8 experienced SLSNZ members from around New Zealand to provide feedback, knowledge and advice on the review of the Junior Surf Programme and Rookie Lifeguard Award.
- We are especially looking for people with a genuine interest in Junior Surf and have knowledge and experience in junior surf management, coaching, coordination of a programme, lifeguarding and /or sport best practice.
- We would prefer people with the ability to think strategically and philosophically and contribute to the future development/direction of Junior Surf activities right across New Zealand.
- It is important we have a range of members from clubs across New Zealand who bring their expertise and can also deliver and support the changes moving forward from the outcomes established.
- It is likely that the Junior Surf Advisory Group will need to be available for a 12 month period and attend a number of meetings organised by SLSNZ staff to discuss programme changes and submit feedback when required.
- This is a voluntary role.
