In it for Life

Surf Life Saving New Zealand (SLSNZ) is the National body representing 73 Surf Life Saving Clubs from the Ahipara in the far north to Oreti in the deep south. With over 100 years of history we are proud to boast a membership of over 16,000 who together saved 1064 lives last summer.

The beach is considered to be New Zealander's favourite playground and Surf Life Saving plays a very important part in keeping these areas safe. Our Lifeguards complete many hours of training and give their time each year to protect our community in the water.

Last year lifeguards gave 206,479 hours of patrol on our beaches and continue to come back each summer. These lifeguards are ordinary New Zealanders who love the water and are there to help – we are 'In it for Life'.

Patron's Message

GOVERNOR GENERAL OF NEW ZEALAND, LT GEN THE RT HON SIR JERRY MATEPARAE, GNZM, QSO

Introduction

Lt Gen The Rt Hon Sir Jerry Mateparae

Kia ora, nga mihi ki a koutou. It is a great pleasure to provide my first Patron's message for the 2012 Annual Report of Surf Life Saving New Zealand.

As a nation without borders, New Zealanders have long been drawn to our coastline and its beaches, for family fun and recreation, especially in the summer months. And yet the thundering surf is not without its dangers. Far too many New Zealanders drown every year.

Surf Life Saving New Zealand is an organisation that promotes *things that are important to New Zealanders – safety on the beaches, volunteering and excellence in sport*. This year's Annual Report outlines significant work to make our beaches safer places. It includes more than 206,479 hours of patrols, 1064 rescues, 232 searches and making 294,416 safety interventions. Surf lifesavers also provided education programmes throughout the year, and worked in schools to spread the message of the need for safety on the beaches and the importance of swimming between the flags.

For 101 years, surf lifesavers have sought to make our beaches and our coast safer places for everyone. Combining their sport with an essential public service, New Zealand's surf lifesavers are a volunteer force that we all owe a great debt of gratitude.

With Surf Life Saving in New Zealand celebrating its centenary in 2011, the movement enters its second century of service in strong heart. As Governor-General, I look forward to learning more of Surf Life Saving New Zealand's work in the years ahead.

Kia ora, kia kaha, kia manawanui, huihui tatou katoa.

LT GEN THE RT HON SIR JERRY MATEPARAE, GNZM, QSO

Governor-General of New Zealand Patron, Surf Life Saving New Zealand

President's Message

BOB HARVEY, QSO JP

It has been a great privilege to be your President over the last three years. I was deeply honoured to be asked to take the office on the occasion of the 100th Year of Surf Life Saving in New Zealand, and what a job it turned out to be. The 100th year celebration was a triumph of goodwill and the enormous respect that New Zealand feels for our organisation. It was a chance to profile who and what we are and the role we play in the culture and social history of New Zealand.

This organisation which we are so proud of is at the very heart of water safety on our beaches and has been that way for over 100 years. It is an extraordinary achievement which has seen us change, grow and deliver one of the most dedicated and respected volunteer organisations in this country. We are acknowledged by Councils, Government, beach goers and survivors of rescues. That we do this every weekend and through the summer holidays with skill, passion and a love of service is acknowledged by New Zealanders of all walks of life. We are simply magnificent.

It needs to be acknowledged that the organisation hit some stormy seas and we have faced trying and difficult times. Like all good rescues though, we pulled ourselves out of the rip.

I would like to acknowledge the help and assistance given to us by Pat Waite as Interim Chief Executive who has recently been awarded a Queens Service Medal. I would have gladly offered him a knighthood for his services to Surf Life Saving. I thank him most sincerely.

I would also like to acknowledge the Board and the Chairmanship of Michael Bassett-Foss and the staff of SLSNZ. My team-mates Marilyn Moffatt and Dick Glover beyond thanks for assisting and bringing together our history book Between the Flags. *We can all feel very proud of this record of our history* and all the work that was done around the Centenary event. This work was an important investment to show New Zealand exactly who we are, what we do, and how we've done it for 100 years.

Paul Dalton will be a fine Chief Executive for this organisation. He understands how we operate and he will bring together a sense of vision and leadership for SLSNZ. It has been a pleasure to work with him.

As a lifelong member of my own club I am looking forward to returning to patrol duties again next summer. Putting on the uniform and sitting on the tower satisfied that I have worked with the most amazing group of people one could work with.

I had the privilege of travelling around the country and was deeply moved by the ceremonies of clubs that were celebrating our centenary. Observing their club culture first hand, looking at team photographs of those that had built the clubs and their history was a privilege. This is the history of Surf Life Saving, local dedicated men and women and now our wonderful Nippers that are' In it for Life'. Finally I would like to wish well, the incoming President and Board. There is much still to do.

I look forward to finding a path forward with the Northern Region. The recent events at Swimming New Zealand are a cautionary tale for organisations that fail to resolve their differences and I firmly believe a unified approach will be the best way forward for the two organisations.

I would also like to see greater unity with Surf Life Saving Australia. Their achievements with sponsorship, funding and communication with the Australian public is extraordinary and we can learn a lot from their work. The positive relationships we have with Australia is encouraging and with the ANZAC year looming it gives us a magnificent opportunity to share a lifetime of experience and friendship.

As members will know, I believe it is time for us to launch a very special foundation for the future of lifesaving leadership in New Zealand. I think that the Australian model, with a New Zealand flavour would be ideal to develop a serious financial package to be used by young lifesavers in their endeavours throughout this century. It is a goal that I feel is highly obtainable and would involve all our past and existing club members. The foundation would operate not only as a funding source but also to give us a deep sense of belonging, truly 'In it for Life'.

I would like to see the organisation a little more multi-cultured and more welcoming to a wider range of people that are now part of New Zealand's future. We seemed to have missed this beat. I would like to see the Nippers movement continue to grow and more clubs spring up in the years ahead, and to see a reduction in drowning on our beaches, rivers and lakes. But all of these objectives I am sure are in our minds and I leave the Presidents job wishing you all a great summer and many more to follow.

BOB HARVEY, QSO JP

Members of the Board

- 1 Warwick Bell
- 2 Nicki Nicol
- 3 Andrew Lancaster
- 4 Colin Weatherall
- 5 Brent Warner

The past year has been a year of repositioning for Surf Life Saving in New Zealand. After a significant organisational change process and financial losses in four of the last five years it was time for consolidation, a time to focus on the basics. A time to increase engagement with our member base and key sponsors. A time for financial prudence, and a time to backfill organisational processes and policies to support the new shape of the organisation.

At the last AGM, all positions on the Board were available for election. This saw a relatively new Board appointed: three that had been on the Board for a year or less plus three new members.

At that time, we had a newly appointed, Interim Chief Executive, Pat Waite at the helm. Pat was not a Clubbie – this was new to our organisation. Pat brought with him his compassion, his networks and his wisdom. He quickly learnt what it meant to get "sand between his toes". He helped us engage with our members and stakeholders. He assisted rebuilding the team in SLSNZ, and along with that team, implemented sound systems and fiscal stewardship. He helped build our mojo, enabled us to stand tall and be proud of what we had achieved over our first century of existence. He left SLSNZ with a solid foundation on which to fly. He befriended many people in our community around the country. In his words ... "The key to success is to surround yourself with positive people who are not afraid to try, to have a go and guess what? Magic Happens! That's been my experience with SLSNZ, from day one."

The Board went through an extensive search and selection process for a new Chief Executive. Bolstered by experience with allowing outsiders to lead our organisation we embraced the opportunity to cast our net wide. We were humbled by the strong response to the position, which shows the strength of the SLSNZ brand and endorsed our positioning as a result of the organisational change. The recruitment process saw Paul Dalton selected. Paul comes to SLSNZ with extensive executive experience in New Zealand and offshore. He has represented New Zealand on numerous occasions in orienteering and has been President of that national organisation. He most recently filled the position of Commercial Manager for New Zealand Rugby Football Union. His extensive commercial experience coupled with passionate involvement in a sporting based national member organisation has already paid dividends. He has slotted into the role and come up to speed quickly. His calm, calculated and commercial approach really will enable the organisation to fly.

I would like to pay tribute to the enormous contribution from our President, Bob Harvey. Bob was the figure head for our organisation through the Centenary celebrations and offered to stand a further year to assist to re-position the organisation into its second century. Bob has offered significant support to the Board and Chief Executives during this time. He has helped connect the national body with its volunteer base. He has fronted meetings with our key stakeholders. He has been a true inspiration for all that is Surf Life Saving.

Last year the Prime Minister presented our organisation with a special grant to acknowledge the 100 years of service our members have provided to New Zealand. This signals the special place that Surf Life Saving has in New Zealand's way of life and the important service we provide. These funds are being used to develop and implement a leadership programme for members in our organisation. We know that our members generally do well in life, are well rounded and make a positive contribution to New Zealand. This leadership programme will provide development pathways for members at all levels of our organisation assisting them to make an even greater contribution to Surf Life Saving and to New Zealand. I am pleased with the momentum that the Regional Club Chairs Committee meetings are gaining. These are arguably the most important communication point in our organisation. Board members participate and staff provide updates about progress within the organisation. Regional Chairs get to discuss important regional or national issues, and gain consensus. It's the forum that clubs, through their Chairs, get to provide feedback and direction to the Board about the organisation. Significant discussion points over the last year have included the correction and rebalancing of the National organisation, the market influences and redistribution of insurance costs, optimisation of the Regions, including staffing, fundraising, New Zealand Lotteries Grants Board disbursements, strategic alliances between clubs and member retention.

It will be a focus over the next five years to rebuild organisational financial reserves. This will be a challenge. All not for profit organisations are competing for a dwindling pool of grant and sponsorship money. Focusing on strengthening our brand and visibility will be key. We need to be more professional and commercial to ensure sustainability of our organisation. This must be done while nurturing the culture and fun atmosphere of what we all love – our time on our beaches.

Funding and sponsorship organisations, including Government are looking for cohesive national organisations to partner with. They demand strong brands, robust governance and sustainable structures and systems. Surf Life Saving in New Zealand needs to complete its organisational change process. It needs to have seamless delivery of services, provision of standardised templates across the organisation, and to achieve consistency of messaging. We have recognised regional differences and the need for increased regional focus and leadership. The organisational structure has been re-calibrated to allow for this. It needs to do this within an environment of innovation, where we celebrate achievement, and are not afraid to implement new systems. This will keep our organisation vibrant and strong for the next 100 years.

The year gone has seen us well represented in a number of key areas on the International Lifesaving Federation (ILS). At a governance level, Graeme Cullen is the Asia Pacific Vice President and accordingly, represents this region on the ILS Board. In addition, he remains actively involved in key drowning prevention work through his position on the Lifesaving Commission. Our other representative, Brian Velvin, had his nearly life-long contribution to Surf Life Saving recognised when he was promoted from Knight to Grand Knight. Brian is one of only 37 recipients to have received the honour worldwide. This is significant recognition for Brian and the work he has undertaken on the Sport Commission. Internationally, the focus is now firmly on Adelaide in November and the next Elective General Assembly happening alongside Rescue 2012. The next international cycle will be three years and ILS is focussed to ensure its governance and committee structure meets essential and variable drowning prevention outcomes for its member base.

We are seeing some instability within related sports organisations and across the water safety sector. Surf Life Saving will continue to take a leadership role in promoting collaboration between sector organisations. It will remain a key player in formulating and implementing New Zealand's Water Safety Strategy. Similarly, it will continue to give greater collaboration and support with sector organisations in the Search and Rescue and related sporting organisations.

During May and June the Board and staff, with input from Club Chairs forums, refreshed the organisation's strategy. This is what guides Surf Life Saving in New Zealand. It provides vision for the future and key priorities for staff to develop management plans and budgets to deliver this strategy. Following a period of short term operational focus while the organisation was going through significant change process, it is refreshing to see a more future orientated strategy that will truly help guide us into our second century of service to New Zealand. A summarised version of the strategy has been forwarded to clubs and key elements are highlighted in the Chief Executive's report.

In closing, I would like to thank all those who have contributed to Surf Life Saving this year, in particular:

- **Our volunteers** thousands of them around the country who year after year do extraordinary things
- *Our sponsors, commercial partners and funders* who continue to provide us with the essential resources to do our job
- **Our partners** in the charity, sport, water safety, search and rescue and education sectors. Working together we are more powerful in what we do
- **Our staff** who commit a huge amount of energy and time to the organisation a lot of it in their personal capacity outside of what they are paid to do
- And last but not least, my *fellow Board members* for the significant time, effort and tireless dedication they have put into guiding Surf Life Saving in New Zealand over the last year. They have mustered courage and strength, and as a team, relentlessly given their best to navigate the organisation forward.

Like the many volunteers that make up our movement, and on behalf of the Board, it is a humble honour to contribute to the work Surf Life Saving delivers.

MICHAEL BASSETT-FOSS

Chairman

Chief Executive's Report

PAUL DALTON

Paul Dalton

Having only joined SLSNZ in April 2012, I can take very little credit for the positive results that you will read about in this Annual Report. Much of that credit must go to Pat Waite, who as the Interim Chief Executive was in the hot seat for much of the year and was the architect for rebuilding the organisation after a tumultuous 2010/11 and financially getting back into the black after several years of losses. The new Board have 'stood up' in a time of need and gone the extra mile to help the organisation get back on track. The staff too have taken on the challenge and coped with a lot of pressure while significant change was going on around them.

The turnaround from 2010/11 has been dramatic, and the result of a lot of hard work by a lot of people. We now head into the 2012/13 year in better health than we started the 2011/12 year, and can return to more of an external focus, looking at long term sustainability and rebuilding the level of working capital and reserves that existed prior to the centenary year.

Over the year, income fell by 1.1% to \$10.431 million.

2011/12 SLSNZ Income		
Item	Amount (\$000)	%
Grants	\$4000	38%
Sponsorship	\$2092	20%
Programmes & Services	\$2058	20%
Fundraising	\$1174	11%
Merchandising	\$620	6%
Misc	\$487	5%
Total	\$10,431	100%

Expenditure decreased by 15.1% to \$10.392 million.

2011/12 SLSNZ Expenditure				
Item	Amount (\$000)	%		
Club Support	\$4547	44%		
Income Generation	\$2343	23%		
Sport	\$1483	14%		
Lifesaving	\$1116	11%		
National Office	\$641	6%		
Audit, Legal, Depreciation	\$264	2%		
Total	\$10,394	100%		

While income was down slightly, costs were kept tightly controlled so as to create a surplus for the first time since 2008/9.

	Actual	Last Year	Change
Income	\$10,430,949	\$10,545,498	(\$114,549)
Expenses	\$10,394,305	\$12,240,206	(\$1,845,901)
Net Surplus	\$36,644	(\$1,694,707)	+\$1,731,352

Year	Operating Surplus
2008/09	(\$0.22 million)
2009/10	(\$0.33 million)
2010/11	(\$1.69 million)
2011/12	+0.04 million

Over the next three years the level of surplus is expected to continue to grow as more revenue is found and costs tightly controlled. With 'Not for Profit' best practice suggesting cash reserves equivalent to 12 months expenditure, this will take a number of years to build.

Aggressive revenue 'targets' will be used to drive SLSNZ to higher levels of surplus than budgeted, creating the ability to build reserves more quickly and invest more in key projects. However with these revenue streams being uncertain, we will have to make sure we cut our expenditure 'cloth' to only match the income we are confident to receive.

Strategically we now have a new plan to work with, giving us clear direction for the coming year. The core underlying themes behind the strategic priorities are:

- At all levels we need more money/ resources, and this will require us being stronger commercially. Sustainability will be a key focus in a difficult economic environment
- At all levels we need to engage better with the wider community, to be more open and accessible
- Linked to this, we want to communicate better internally and externally and continue to rebuild the credibility of the organisation
- We want to be seen as an authority in water safety in NZ
- We want to be more than just an ambulance at the bottom of the cliff we can protect more people via education than through rescues
- We want to increase our capability to do a better job on and off the beach
- Collaboration with others is critical
- Sport is the enabler for saving lives
- Focus is essential there are too many distractions and things to do!

I am very much looking forward to being part of the next phase of SLSNZ's development and reporting progress against our plan this time next year.

Finally I would like to thank all of the club members, lifeguards, parents, volunteers and administrators for the tremendous amount of work they put in, our fellow sports, charities and sector organisations that we work with closely on many issues, our funders and commercial partners for their ongoing support, and our many and varied other stakeholders for their roles in keeping Surf Life Saving strong. None of this happens by accident and your efforts are certainly not taken for granted.

Strategic Direction

Strategy

Photo: Juniors assist lifeguard setting up patrol

Protecting our community in the water

The SLSNZ Strategic Plan is the guiding document for the organisation. Our Annual Management Plan guides the activities that deliver the actions to ensure we achieve strategic objectives. For 2011 / 12 we had four overarching objectives in the strategic plan.

Leadership/Alignment

The whole of SLSNZ is aligned to a clear and compelling purpose and vision, resources and work collaboratively to fulfil them.

The past 12 months has been challenging for the members, Board and staff. There have been considerable staff changes and like many other organisations, SLSNZ faced the financial pressures of a flat economy. Challenges like these define an organisation and we have emerged with a strong Board and staff structure and a closer connection with the clubs. As an organisation, we are beginning to realise some of the benefits from being "one organisation". Evidence of this can be seen through the open dialogue at the Club Chairs meetings and membership taking a bigger part in the local and regional activities. There is still a way to go but we are steering in the right direction.

We continue to refine our systems and processes to keep Surf Life Saving moving forward. The regional team structures have been modified to better meet the needs of the clubs and give more emphasis on core club development. The Northern region is operating under a District structure and continues to hold close links to the National body. The two Boards continue to work toward national alignment.

People

We ensure there are no barriers to enable people to deliver on our vision.

Strong clubs and good development programmes are key to being able to protect our community in the water. Our people continue to be passionate about their beaches and keeping people safe. The Club Pulse programme delivered by the Club Development team has been further developed and provides a health check for the club and sets out priorities for the club and SLSNZ to work on to assist with the future development of the club.

An exciting development this year was the introduction of the National Leadership Programme. This government funded programme is identifying, developing and supporting our future leaders and will provide succession planning at all levels of our organisation. It provides an important link in the pathway of our members and enhances the skills needed to run clubs and patrols. On-going development of our members is vital to ensure we can deliver services to the public. Over two hundred development courses were run this year; from entry to advanced level Lifeguard awards. These courses give our members the capability that helps us maintain a safer environment for communities.

Education continues to play an important role in keeping our communities safe, and this year 26,266 children participated in the Beach Education Programme run by our lifeguards. The Junior Surf Programme continues to grow; the on-going challenge will be to retain these young members and convert them into lifeguards.

Our members continue to be recognised within SLSNZ and externally. Many have received community and national awards at various ceremonies and our SLSNZ functions have been successful in recognising our people in front of their peers. We had 10 new Life Members this year and Brian Velvin was recognised internationally as a Grand Knight of the International Life Saving Federation.

Capability

Our financial management, brand management and supporting systems and processes effectively support the achievement of our vision.

SLSNZ has a strong brand and this has not changed in the last year. We enjoyed continued media presence with some great lifesaving activities reported on all over the country. This has helped with promoting the brand of Surf Life Saving and the proactive work that we do.

The financial climate we are in is challenging for most organisations which means we have to do things smarter. We have begun to develop more diverse income streams to maintain financial viability. The gaming trusts have been incredibly important to Surf Life Saving nationally, regionally and at club level. These trusts are coming under increased scrutiny and pressure which is having a flow on effect to Surf Life Saving.

Partnerships are crucial and we value the support from our key partners State, NZLGB, BP and DHL. The funding provided by these four organisations provides us with the ability to keep our lifeguards resourced and trained.

The organisational change has prompted a review of our systems and processes across the organisation. This will continue into next year as we strive to align documents to suit the structure we operate under. The alignment of club constitutions, development of Patrol Operations Manuals and new regulations provide the base documents we need to be an aligned organisation.

Jandal Day was successful again this year in not only raising over \$250,000 that went directly to clubs but also saw hundreds of lifeguards on the streets around the country promoting the Surf Life Saving brand.

Delivery

Our service delivery model is structured, operated and supported to ensure the consistency and quality to achieve the vision.

In the summer of 2011-12 lifeguards provided over 206,479 hours of service on New Zealand beaches, were involved in 1064 rescues and 232 searches. In addition to this our members gave their time to up-skill and spent hundreds of hours taking part in member development programmes held in each region.

The local Sport and Lifesaving committees are groups of volunteers in each area who have been instrumental in providing information and expertise to ensure we are providing the right activities in the right place, at the right time. These groups guide requirements in each area and in many cases are the people that take the lead in initiating and delivering regional activities. In some areas these committees are operating more effectively than others and in the next 12 months we will be working toward having closer links to the National committees to address this.

The coastal public safety assessments continue to be implemented into lifesaving and these are providing solid evidence of the importance of the work we do. This initiative is now also being used in the aquatic world on rivers and bar crossings. Work in the next 12 months will help to further identify how we get the right people, to the right place with the right resources.

The sporting season was again very busy at a local, regional and national level. Sport acts as an enabler and plays an important role in retaining members and improving the skills and fitness of our lifeguards. Our coaching and officials programmes are developing more skilled members that lead sporting activities and our athletes have showed their class both in New Zealand and overseas. Safety at events is an important factor in keeping members safe and our thoughts are with our Australian friends with the loss of an athlete at their national championships.

The National Sport Committee embarked on an event review looking at both a short and long term plan for the events. Short term, this will help ensure we provide the best possible events in 2012/13. Our National Event Calendar is established for the next two seasons so this part of the review is about ensuring each event we provide is meeting member needs and delivered in a cost effective and sustainable way. The second part of the review takes a longer term view of the optimal structure of event calendars at a national, regional and local level. A review of the Sports Competition Manual has been undertaken and there will be an updated version in place for the 2012-13 season.

Fundraising

Photo: Cory Hutchings

Surf Life Saving New Zealand couldn't do what it does without the generosity of the communities we serve. This includes individuals, local businesses, trusts, foundations and of course, our corporate partners.

This collective support helps us continue to meet the growing demands for the lifesaving services we provide throughout New Zealand. This is best demonstrated through the fundraising initiatives we have run over the past year which are outlined below.

Measuring and evaluating national fundraising and awareness raising activities is an important step, particularly in these times of fiscal constraint. Making sure we deploy resources wisely means we can also provide the right support to clubs as they go about their local fundraising. Our clubs are deeply rooted in the fabric of our communities and much of their income is derived from local support and initiatives like Waimarama's Beach Day Out, or the Big Dig at Himatangi Beach.

With ambitious revenue targets set, and forecasted growth in the need for our services, we move into the coming year with a number of new challenges. We will look to meet these challenges through a clearly defined fundraising strategy to promote sustainable growth and organisational viability.

Lottery appeals continue to be a practical way communities can show their support. During 2011/12 our lotteries raised substantial funds which contributed towards programmes and activities delivered throughout New Zealand. Thanks to support from DHL, Lottery 19 exceeded forecasted targets.

National Jandal Day was held 2nd of December 2011. Jandal Day is a chance to showcase SLSNZ and engage with communities throughout the country. State Insurance played a critical role in the success of the 2011 appeal by providing staff for street collections. State also transformed local shops, branches and offices into promotional outlets celebrating Surf Life Saving.

Coca-Cola Christmas in The Park continued their long standing commitment to Surf Life Saving New Zealand by choosing us as their major charity partner. This iconic event provides us with a unique opportunity to raise funds and awareness. The 2011 Christchurch event had special significance for Cantabrian's as the event was a way for friends and family to reunite as a community after the impact of the February earthquakes.

The BP summer promotion is another example of long standing (over 40 years) support BP has shown our organisation. This latest initiative involved over 200 BP sites raising awareness and funds through the sale of IRB Key rings.

Trust and foundation funding continues to be one of the cornerstones of our fundraising programme. Funding received from New Zealand Lottery Grants Board, Pub Charity, The Lion Foundation and other grant making trusts support delivery of core services and provides the organisation with the financial platform to deliver on strategic goals.

Through continued commitment from funders, individuals and corporates, we look forward to growing and enhancing fundraising activities in the coming year.

Corporate Support

The work to develop and build on our long term sustainability continues as we work in an aligned way with our partners to deliver on future strategies.

Our partnership with State Insurance completed its second year and allowed us to develop a range of resources to grow visibility with the New Zealand public. State were also actively involved in the National Jandal Day annual fundraising appeal during late November and early December 2011. Their campaign underpinned our partnership and allowed us the ability to promote the SLSNZ brand and obtain additional revenue.

We had another fruitful year with our partners BP and DHL. The partnership with DHL included the Beach Swap Program, DHL Club Grants and our activation as an official provider of first aid through Lifesaving First Aid. Contract renewal will now be the focus as we move into Season 2012-2013.

BP continues to support SLSNZ through the IRB programs, BP club fuel voucher grants scheme and by providing opportunities to work with their networks and operators to raise much needed funds.

We are fortunate to have such a great family of corporate partners and we continue to leverage mutual opportunities.

Licensing programs with Gilbert and Le Tan have all had productive years. Le Tan is moving into a specific tanning range and have decided to partner with BDM Grange who will produce a new product for SLSNZ. The product will raise funds for SLSNZ through sales and capitalising on our strong brand provide a platform as a future source of income.

A number of exciting new partnerships are in development and we look forward to making announcements in the coming year.

Regional Reports

Northern Region

The 2011/12 season has seen pleasing progress being made in important areas of Northern Regions planned activity. We have seen significant increases being achieved in membership recruitment, advances in administration and organisational practices across the Northern Region and most importantly, the high quality of life saving services being provided to the beach going public in the communities we serve.

These good results are the consequence of the positive and energetic nature of our membership. Notably, this season Pam Elgar joined us as CEO. Pam, along with the impressive work of our volunteer committees and the support of our professional team, have all contributed greatly to our progress. As we look to continue to build a strong network of clubs and lifeguards across the Northern Region, we will need to continue to apply our ethos of being" Volunteer lead and professionally managed".

Securing the funding needed to support the life saving services of Northern Region clubs continues be a major challenge. I would like to formally thank all of our sponsors and funders who have supported us over the past season. As the population we serve in the Northern Region continues its fast growth, the importance of your support also grows.

In conclusion, on behalf of the Board of Northern Region I would like to acknowledge and express deep gratitude to all of our clubs and patrolling club members, whose skill and sense of duty defines us as a movement.

Nga mihi

STEPHEN SMITH

Chairman,Surf Life Saving Northern Region

Eastern Region

The grounding of Rena had a huge impact last season for Bay of Plenty Clubs. An early dump of oil blackened the beaches and access to the beach was restricted for some weeks and in some cases months. What began as oil on the Bay beaches soon became containers, timber, milk powder and rotten meat spreading up from Pukehina to the Coromandel, and Waihi Beach being particularly badly hit. Over the summer debris found its way south around the East Coast as well. It was pleasing to see the collaboration between clubs as they worked with local authorities in the clean-up and it clearly demonstrated the high regard that Surf Life Saving has within our communities.

Eastern Region has also had its fair share of problems. Bad weather and slips restricted access to Gisborne just prior to Nationals, meaning clubs in the upper part of the North Island had a long trip to make. In true Surf Life Saving style though, the Gisborne clubs received a huge amount of support to help make the journey and make Nationals a success once again. It was also rewarding to see that Eastern Region filled the top three sports at the State New Zealand Surf Life Saving Championships, with Midway leading the way, followed by Mt Maunganui and Papamoa.

The Regional Chairs Committee has been a positive initiative which is resulting in more collaboration between the clubs. The Gisborne Clubs are disadvantaged however due to distance in attending the meetings which are held at Mt Maunganui. As a group and with the help of SLSNZ we need to ensure that there continues to be real value add to these gatherings to encourage the journey north.

SKYCITY AMILTON COMMUNITY TRUST

Central Region

Central Region lifeguards patrolled for 36,790 hours performing 138 rescues, 197 first aids, 23 searches, and 16,168 preventative actions involving 31,256 people. I extend my congratulations to the clubs and lifeguards who delivered these services for a job well done.

The geographic spread of the region makes face to face communication difficult to achieve. With return travel time to meetings for some being five hours or more we have trialled a web based system which would allow club chairs to participate in meetings in the comfort of their own homes. It will be useful especially for single topic meetings lasting up to 90 minutes and save valuable volunteer time.

A Regional Plan, based on priorities highlighted by Central Region clubs and committees, has been developed. Strategic priorities included saving lives 24/7, sustainability, healthy clubs, learning for life, and credibility. It is vital to the region that we address these matters in the near future.

During the past season Northern Region suggested that closer liaison between regions could be beneficial. I accepted an invitation to attend a NRC meeting and found it interesting and worthwhile. Meantime, to keep in touch, the Regions will forward minutes of Chairs meetings to each other.

During the season a Central Regional Manager was appointed and we welcome Tim Marsden to this position and look forward to a good working relationship with him as we strive to achieve our potential.

NEALE AMES

Chairman, Central Club Chairs Committee

Southern Region

The Southern Region has experienced challenging times. Good communication between staff and volunteers requires more work. The chairs committee have communicated this view to SLSNZ and we hope to see better structures that allow meaningful volunteer input into regional activities.

The strength of Canterbury clubs in the sport area has been a notable achievement over the years. The combination of membership difficulties due to the earthquake, and decreased programmes saw a smaller number of events. As a result Canterbury's proud tradition of exceptional results has suffered.

The season length and service provision on statutory holidays has had an impact on patrolling and so we will need to work hard to streamline relationships between volunteers and paid staff.

The St Clair club in Dunedin has had an outstanding year in the Southern Region. They performed particularly well across all sport areas from pool champs, to junior surf, senior surf sport and powercraft.

There is still a lot of work to be done on rebuilding our surf infrastructure and membership in the Canterbury and Christchurch region. The support the Christchurch clubs have received to date is heartening.

We applaud the first step in the reorganisation of SLSNZ, and hope to see improvements in the professional volunteer interface in the forthcoming year under the guidance of the Southern Regional Manager.

PETER GIBBONS

Grand Knight Award

BRIAN VELVIN

Recognition

Surf Life Saving New Zealand is incredibly proud that Brian Velvin MNZM has been made a Grand Knight of the International Life Saving Federation (ILS). As well as now being one of only 37 Grand Knights in the world, he is also the first New Zealander to receive this award. Brian's involvement with ILS began in 1996 and he has served as Board member, Deputy Chairman of the Sports Commission and on the Technical and Rules and Events Management Committees.

Brian's long association with Surf Life Saving began at the Fitzroy club in Taranaki at the age of 10. Since then, his involvement is an impressive example of absolute dedication and commitment to the movement. Brian was made a Life Member in 1993, served on the Board for 10 years and held the Chair role from 1995 through to 1999.

On top of governance roles Brian has helped establish a strong foundation for Surf sporting events as a highly regarded referee. Refereeing highlights for Brian include the New Zealand Surf Life Saving Championship's, New Zealand Surf League, Tri Nations and International Surf Challenge events.

Brian exemplifies the Surf Life Saving New Zealand 'In it for Life' ethos, and this is best demonstrated through his New Zealand Rescue of the Year Award in 1995. Brian and two other lifeguards drove an Inflatable Rescue Boat (IRB) up the coast in search of survivors from a boat that had sunk. After hours of relentless searching they eventually pulled a survivor off the cliff-face at 2am in the morning.

His efforts have also not escaped notice by Government Officials. In 2011 Brian was made a Member of The New Zealand Order of Merit for services to Surf Life Saving.

But in true surf team style Brian refuses to take all the credit for this recent award, asserting that *"the award recognises the whole of New Zealand Surf Life Saving"*.

SLSNZ congratulates Brian on this richly deserved award. The award will be officially presented at the World Championships in Adelaide in November this year.

2011 BP Surf Rescue of the Year

BROOK RAPSON AND MURRAY PHIPPS-BLACK, WORSER BAY SURF LIFE SAVING CLUB

Brook Rapson and Murray Phipps Black

On the 2nd March 2011 The East By West Ferry was on a regular trip between Seatoun and Wellington City when it was hit by a large wave that smashed the front windows.

As the ferry began filling with water the skipper sent out a mayday call and the 44 passengers and crew onboard were issued lifejackets and ordered onto the top deck.

Brook Rapson, a Worser Bay lifeguard who lives directly across from the surf club, saw the stricken vessel which was listing heavily towards the bow and immediately contacted Murray Phipps-Black (another Worser Bay club member that lives close by), he then raced across to the club to prep an IRB.

Within minutes Murray and Brook were launching the Worser Bay IRB and heading out towards the ferry which was now 100m offshore and drifting towards the rocks. Murray and Brook were the first on scene and completed six trips from the ferry to shore, transporting an estimated 30 people back to the safety of Worser Bay beach where they were met by police and taken into the clubrooms.

Once all the passengers were ashore, the IRB then proceeded back out to the Ferry to lend assistance and help manoeuvre it into the middle of Worser Bay where there was no danger to it hitting rocks.

The Police and Coastguard were on scene just as the last of the passengers were touching the shore. They provided the ferry with the portable pumps to begin pumping the water off the ferry.

2011 NZ Lottery Grants Board Surf Lifeguard of the Year

ALLAN MUNDY, OMANU BEACH SURF LIFE SAVING CLUB

The New Zealand Lottery Grants Board Surf Lifeguard of the Year is awarded to Allan Mundy, for his dedication and passion for lifeguarding during the 2010/2011 season.

While Surf Life Saving has many members who devote a vast amount of their time to the organisation each year, there is just one who is judged by their peers and awarded the New Zealand Lifeguard of the Year.

Allan is recognised as one of our key leaders in Surf Life Saving. His role as the Chief Examiner for the Bay of Plenty and Coromandel region and Chair of the Life Saving Committee is clear evidence of this.

This past season, Allan also trained Lifeguards in CPR, mentored young club instructors, coordinated the club's emergency after hours call-out squad and rescue helicopter aquatics squad. Both positions saw Allan taking part in numerous after hours searches and rescues, as well as a tsunami evacuation.

He is a valuable member on patrol, and a father figure and mentor to the junior club members. Allan is well known in surf safety in Tauranga and is often quoted in the local papers on surf safety related issues.

Allan is one of the thousands of dedicated volunteers that have made Surf Life Saving what it is today.

During the past century more than 50,000 people have been rescued from the surf, these are some of the great outcomes of what we do. They're the outcome of the more than 15,000 lifeguards throughout the country who generously give up their time and work together to save lives. Allan epitomises this; he is truly, 'In it for Life'.

During the past century more than 50,000 people have been rescued from the surf, these are some of the great outcomes of what we do. Notes to the Financial Statements

FOR THE YEAR ENDED 30 JUNE ,2012

1 Reporting Entity

The financial statements of Surf Life Saving New Zealand Incorporated (SLSNZ) for the year ended 30 June 2012 were authorised on the 26th of August 2012.

SLSNZ is a New Zealand Incorporated Society formed under the Incorporated Societies Act 1908. SLSNZ is not a reporting entity in terms of the Financial Reporting Act 1993. SLSNZ is a charity registered under the Charities Act 2005.

SLSNZ's principal activity is "Protecting our Community in the Water". An activity to facilitate this includes providing a National Sport programme for our membership. This remains unchanged during the period reported.

2 Specific Accounting Policies

Basis of Preparation

The financial statements have been prepared on a historical cost basis. The financial statements are presented in New Zealand dollars and all values are rounded to the nearest dollar.

Statement of compliance

The financial statements have been prepared in accordance with NZ GAAP. They comply with New Zealand equivalents to IFRSs and other applicable Financial Reporting Standards, as appropriate for public benefit entities that qualify for and apply differential reporting concessions.

Differential Reporting

SLSNZ qualifies for differential reporting as they are not publicly accountable and is not considered large under the differential reporting framework. All differential reporting exemptions have been applied in full where applicable.

Presentation Changes and Restatement of Accounts

SLSNZ has altered the way in which it presents key expenditure items in order to better convey the purpose of funds spent and has restated prior year accounts accordingly.

a) Goods and Services Tax

All figures are stated exclusive of Goods and Services Tax except Accounts Receivable and Accounts Payable.

b) Property, Plant and Equipment

All property, plant and equipment is capitalised and recorded at cost less aggregate depreciation.

Depreciation

Depreciation is provided on all tangible assets on a straight line basis that will write off the cost of the assets over their estimated useful lives:

Office Furniture and Equipment	3 - 10 Years	Vehicles	5 Years
Computers and Electronic Equipment	3 Years	IRB Simulator / Container	3 Years
Event Equipment	3 - 5 Years	Buildings	Not depreciated

• Impairment

The carrying values of plant and equipment are reviewed for impairment when events or changes in circumstances indicate the carrying value may not be recoverable.

If any such indication exists and where the carrying values exceed the estimated recoverable amount, the assets are written down to their recoverable amount.

Any impairment losses are recognised in the income statement.

c) Receivables

Receivables are stated at their estimated realisable value less any provision for doubtful debts.

d) Expenditure Carried Forward

Significant items of expenditure having a benefit or relationship to more than one period are written off over the period to which they relate.

Notes to the Financial Statements CONTINUED

e) Inventories

Inventories are stated at the lower of cost or net realisable value, determined on a first-in first-out basis. An allowance for obsolescence has been assessed where appropriate. Inventories include uniforms, resource manuals and other surf lifesaving equipment that is on sold to Clubs or used for promotional purposes from time to time.

f) Leases

Lease costs relating to operating leases are recognised on a straight-line basis over the life of the lease. Finance leases, which effectively transfer to SLSNZ substantially all the risks and benefits of ownership of the leased assets, are capitalised at the lower of the leased asset's fair value or the present value of the minimum lease payments at inception of the lease. The leased assets and corresponding liabilities are recognised and the leased assets are depreciated over their estimated useful lives.

g) Income Tax

SLSNZ has Charitable Status from Inland Revenue for income tax purposes. There is no requirement to provide for income tax.

h) Foreign Currencies

Transactions in foreign currencies are converted at the New Zealand rate of exchange ruling at the date of the transaction. At balance date foreign monetary assets and liabilities are translated at the closing rate and exchange variations arising from these are included in the Income Statement.

i) Cash and Cash Equivalents

Cash and the short-term deposits in the balance sheet comprise cash on hand, cash at bank and short-term deposits with time to maturity of six months or less.

j) Investments

All investments are initially recognised at cost, being the fair value of the consideration given and include acquisition charges associated with the investment.

After initial recognition, investments which are classified as at fair value through profit and loss are measured at fair value. Gains or losses on investment classified as at fair value though profit or loss are recognised in the income statement.

Investments are valued by the fund manager (New Zealand Asset Management) at balance date based on information provided to them by relevant external investment fund's managers.

k) Revenue Recognition

Certain grants have a particular purpose for use. Any unspent money at balance date is either returned to the grant provider or carried forward as a current liability on the balance sheet for completion in the following year.

l) Intangible Assets

SLSNZ have numerous registered trademarks which have benefit to SLSNZ but no financial value attributed in the financial statements. No financial valuation has been undertaken on these assets.

3 Property, Plant & Equipment

30 June 2012	Cost \$	Accum. Depreciation \$	Disposal \$	Current Depreciation \$	Impairment \$	Book Value 2012 \$

4 Statement of Changes in Equity

	General Reserve \$	Centenary Project Reserve \$	Organisational Development Project Reserve \$	Asset Revaluation Reserve \$	Total \$
Opening Balance 1 July 2010	1,831,025	126,655	68,994	-	2,026,764
Net Movements	(1,499,058)	(126,655)	(68,944)	6,250	(1,688,457)
Closing Balance 30 June 2011	331,967	-	-	6,250	338,217
Net Movements	36,644	-	-	6,250	36,644
Closing Balance 30 June 2012	368,766	-	-	6,250	374,861

The Centenary Project Reserve was established to support all the costs of the centenary celebrations. The Organisational Development Project Reserve was established to support the organisation review and implement the programme.

5 Commitments and Contingencies

Lease commitments

Future minimum rentals payable under non-cancellable leases as at 30 June are as follows:

	2012 \$	2011 \$
Within one year	290,709	239,130
After one year but not more than five years	125,715	140,510
More than five years	-	-

Future minimum rentals receivable under non-cancellable sub-leases as at 30 June are as follows:

Within one year	6,500	13,500
After one year but not more than 5 years	-	6,500
More than 5 years	-	-

SLSNZ has committed expenditure over the next twelve months totalling \$75,000. This is in relation to promotional activity (2011: \$87.000). There were no contingent liabilities at balance date (2011: Nil)

6 Sponsorship

Sponsorship contracts are determined by their terms as confidential. Actual amounts provided by individual sponsors have not been disclosed.

7 Sundry Income

Is made up of proceeds from competition entry fees and user pays courses and donations.

8 Fundraising

The fundraising includes proceeds from National Jandal Day and Lotteries.

Notes to the Financial Statements CONTINUED

9 Income and Expenditure

The financial statements for the year ended 30 June 2012 have been reported on a function basis, with expenditure allocated on a factual or allocation basis where practical. This includes employment related expenditure, telephone and tolls, freight, postage and travel.

Specific expenses included in the income statement	2012 \$	2011 \$
Leases	306,846	364,319
Salaries and Wages 1	3,959,177	3,536,901

Income received for specific projects has been allocated as directed by the Funders. Any unspent funds have been carried forward.

10 Trade and Other Receivables

	2012 \$	2011 \$
Accounts Receivable & Accruals	846,684	402,958
Less Provision for Doubtful Debts	-	-
Total	846,684	402,958

11 Related Party Transactions

Surf Life Saving NZ had the following related party transactions entered during the year: Lifesaving First Aid Ltd \$63,848 (2011: \$91,534)

12 Auditors Remuneration

Amounts received or due and receivable by Munro Benge Chartered Accountants Limited	2012 \$	2011 \$
For audit of the financial report of the entity	17,500	20,000
For review of Scratch & Win	-	-
For audit of Lottery	1,100	1,799
Cash flow report for SLSNZ Board	-	12,000
For Tax Consultancy	1,442	1,500
Total	20,042	35,299

13 Life Saving First Aid Limited

During the 2012 year, SLSNZ continued operating a First Aid programme through Lifesaving First Aid Limited; the company was originally incorporated in 1994 with the name Surf Trade New Zealand Limited. At balance date, the amount of advances made for expenses to this company was \$155,382 (2011 \$91,534.). This amount is payable upon demand and is interest free.

Auditor's Report

Munro Benge Chartered Accountants Limited

INDEPENDENT AUDITOR'S REPORT To the Members of Surf Life Saving New Zealand Inc.

We have audited the financial statements of Surf Life Saving New Zealand Inc. on pages 35 to 40, which comprise the statement of financial position as at 30 June 2012, and the statement of financial performance and statement of movement in equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

Board's Responsibility for the Financial Statements

The Board is responsible for the preparation and fair presentation of these financial statements in accordance with generally accepted accounting practice in New Zealand and for such internal control as the Board determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with International Standards on Auditing (New Zealand).

Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Other than in our capacity as auditor and the provision of some incidental accounting services, we have no relationship with, or interests in, Surf Life Saving New Zealand Inc.

Auditor's Report CONTINUED

Munro Benge Chartered Accountants Limited

INDEPENDENT AUDITOR'S REPORT To the Members of Surf Life Saving New Zealand Inc. (contd.)

Opinion

In our opinion, the financial statements on pages 35 to 40 present fairly, in all material respects, the financial position of Surf Life Saving New Zealand Inc. as at 30 June 2012 and its financial performance for the year then ended in accordance with generally accepted accounting practice in New Zealand.

26 August 2012 MUNRO BENGE CHARTERED ACCOUNTANTS LIMITED

Matters relating to the electronic presentation of the audited financial report

This independent auditor's report relates to the financial report of Surf Life Saving New Zealand Inc. for the year ended 30 June 2012 included on Surf Life Saving New Zealand Inc.'s website. The Board is responsible for the maintenance and integrity of the website. We have not been engaged to report on the integrity of Surf Life Saving New Zealand Inc.'s website. We accept no responsibility for any changes that may have occurred to the financial report since it was initially presented on the website.

The independent auditor's report refers only to the financial report named above. It does not provide an opinion on any other information which may have been hyperlinked to/from this financial report. If readers of this report are concerned with the inherent risks arising from the electronic data communication they should refer to the published hard copy of the audited financial report and related independent auditor's report dated 26 August 2012 to confirm the information included in the audited financial report presented on this website.

Legislation in New Zealand governing the preparation and dissemination of financial reports may differ from legislation in other jurisdictions.
