## What is happening?

Following a recent H&S audit SLSNZ has totally revised its Health and Safety Manual for 2020/21. Club Boards should either consider adopting this manual for their Club, or if necessary request a Word version from SLSNZ's [Safety, Welfare and Risk Manager](#) to use as the basis for their own Club H&S Manual.

## Why is it happening?

The new SLSNZ Health and Safety Manual guides Club Boards and members to understand and fulfil the requirements of the Health and Safety at Work Act 2015.

## When is it happening?

The new SLSNZ H&S Manual is available [here](#) on SLSNZ's website.

## What does it mean to me?

Becoming familiar with SLSNZ's Health and Safety Manual should enable Clubs and members to better understand their H&S obligations and duties and encourage Clubs and members to promote a positive H&S culture within their club and across all operational activities.
