Factual Series Target Audience: 7 to 9 year olds

# Life Savers

10x 8 - 10 min Episodes

## Description:-

Life Savers is a non-stop action, character-based, factual series that gives an intimate look at the extraordinary lives of a small group of junior life savers and their coaches at the Mount Surf Lifesaving Club.

We follow our heroes and heroines as they train towards and compete at Surf Carnivals and ultimately at the biggest national event on the calendar for this sport and age group .... the Oceans 21 competition in February 2021.

We'll discover what drives these young athletes to train and compete in a sport that is primarily about saving other people's lives in the waters of Aotearoa.

The series is aspirational and inspirational and gives our young target audience vital water safety knowledge and a look at the relationship young people can have with the natural world and the ocean.

Director: Piata Hoskins

Producer: Meg Douglas (contact 0272812947)

Production Company: Scottie Productions (contact 09 360 5105)

Scottie Productions is an independent production company established in 2005 by owner and director Megan Douglas.

Based in Auckland, Aotearoa (New Zealand), Scottie Productions is dedicated to capturing stories and sharing them with audiences throughout the world.

To date our work has spanned across genres – from documentary to fiction and non-fiction, from short films and comedy to entertainment – there is something for everyone.

Our work specialises in, but is not limited to, producing indigenous content about Māori – the native people of New Zealand – whose stories, culture and histories contribute to the unique identity of Aotearoa.

Our aim is to continue producing and delivering quality sought-after shows for audiences to enjoy for years to come.
