

## Online Learning: How to enrol into training

If you have any questions, problems or feedback please contact your club administrator or [member.education@surflifesaving.org.nz](mailto:member.education@surflifesaving.org.nz).

For some courses, you will automatically be enrolled. You can find courses your club or SLSNZ have enrolled you into under **"My Training"**.

You will also have access to a range of other training courses and resources. You can enrol yourself in these through the **"Training Library"** (if you meet all the pre-requisite requirements).

### To enrol into a course

1. Click on the **"Training Library"** menu bar option available on the left-hand side of the screen.
2. You will then be directed to the **'Course Categories'** page, where you can select the course category where the desired training course is available. Click **"View Courses"** to view the suite of courses within that specific category.
