NEW ZEALAND

# Example of a typical patrolling day

1. Use the image of the beach on the following page to set up what a typical patrol day might look like at your beach. Taking into account the beach conditions that can be seen in the image.
2. Cut out the lifesaving equipment and lifeguards and place them in the safest place for swimmers on the beach.
3. For further information, refer to SLA training manual page 29 & 30.

**Note:** This resource needs to be printed.
