

NEW ZEALAND POOL RESCUE RECORDS

New Zealand Records

- The competitor must be a current member of a SLSNZ affiliated club.
- A record will be recognised as the fastest time in any event for a particular age/gender division
- A record will be recognised in the competitors youngest eligible age division and will also be applied to any older divisions for the same event.
- Masters records will only be recognised for the fastest time across all masters age groups
- Records in team events when members are a combination of clubs e.g. a composite club team, regional team or National team are not included as New Zealand Records but will be recognised as New Zealand Fastest Times.
- To be recognised as a record, the event must be part of a competition conducted under the SLSNZ or ILS competition manuals, which requires a 50m pool that complies with the required facility specifications, a certified automatic timing system and use of pool rescue equipment that complies with the required specifications.

World Records

- SLSNZ will facilitate the recognition of all world records with the ILS for Youth (U19), Open and Masters divisions for all pool Events identified in and conducted according to the [ILS Competition Rule Book](#).
- Section 2, Clause 5 of the [ILS Competition Rule Book](#) outlines the requirements of a World Record, including:
 - Such Events must be conducted in a 50m swimming pool and using equipment which complies with ILS standards detailed in Section 8 of the ILS Competition Rule Book
 - The competition be sanctioned by ILS.
 - Record holders must be Members of an ILS Full Member organisation
 - A youth or open competitor establishing or equalling a world record shall submit to "doping control" within 24 hours of the race and a negative doping test certificate must be provided along with the ILS record application to recognise a world record.
 - The ILS does not recognise Masters team (relay) world records
- ILS World Records can be found at - <https://sport.ilsf.org/records/world>
